

Silent Salesman™ Mobile App

HomesbyJones

Home Renovation Mobile App

Continuity from website... to smartphone App

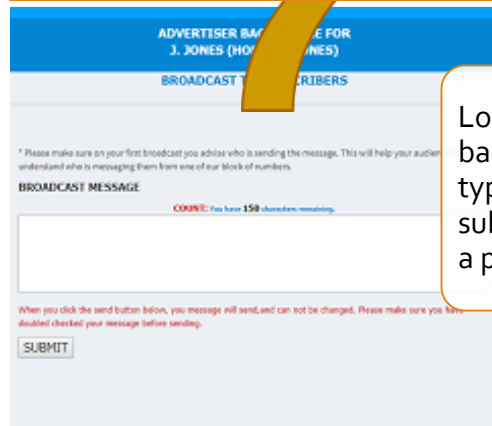

Your App is modeled after your website...

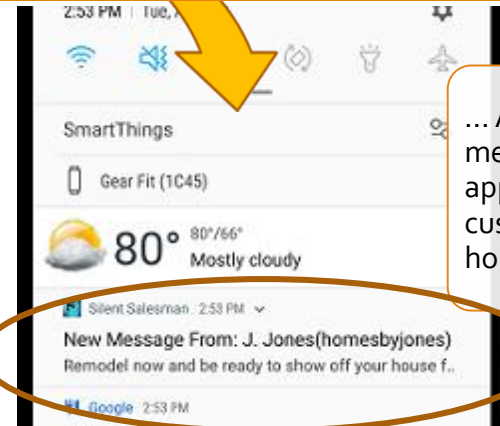

... For continuity between your digital properties

Send a text/push message to all your subscribers at one time

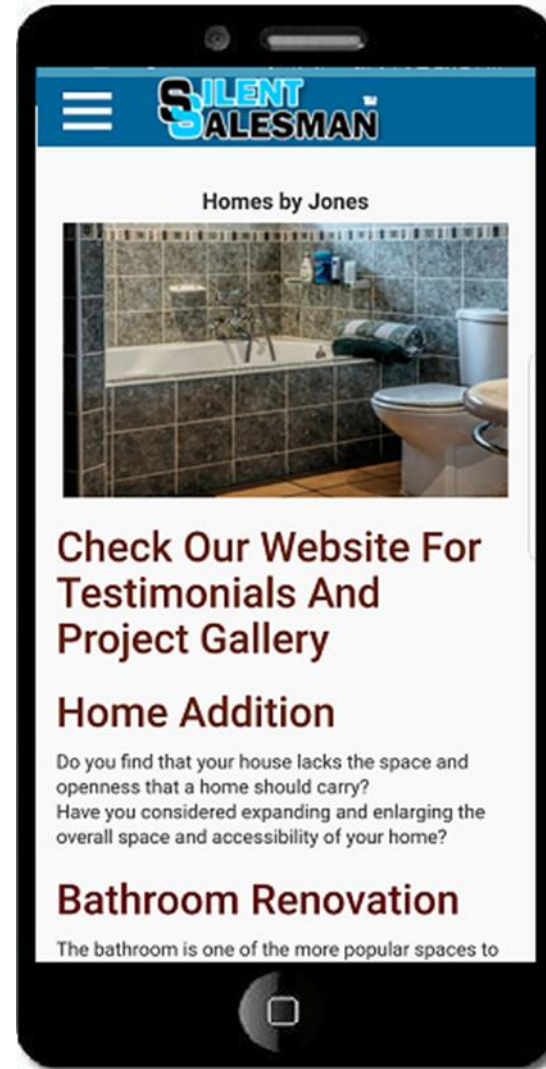

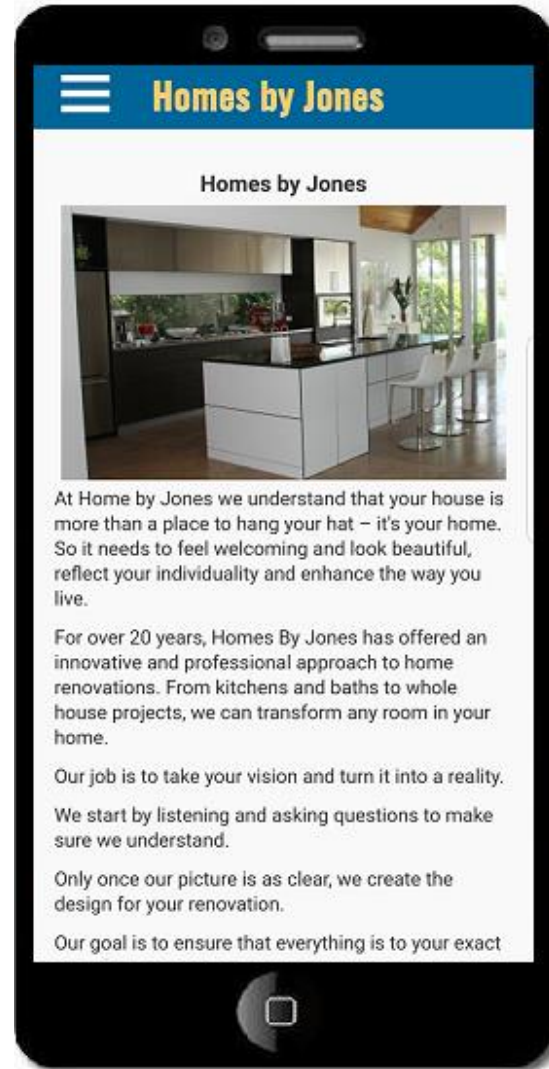

Login to your back office, type & press submit to send a push or text..

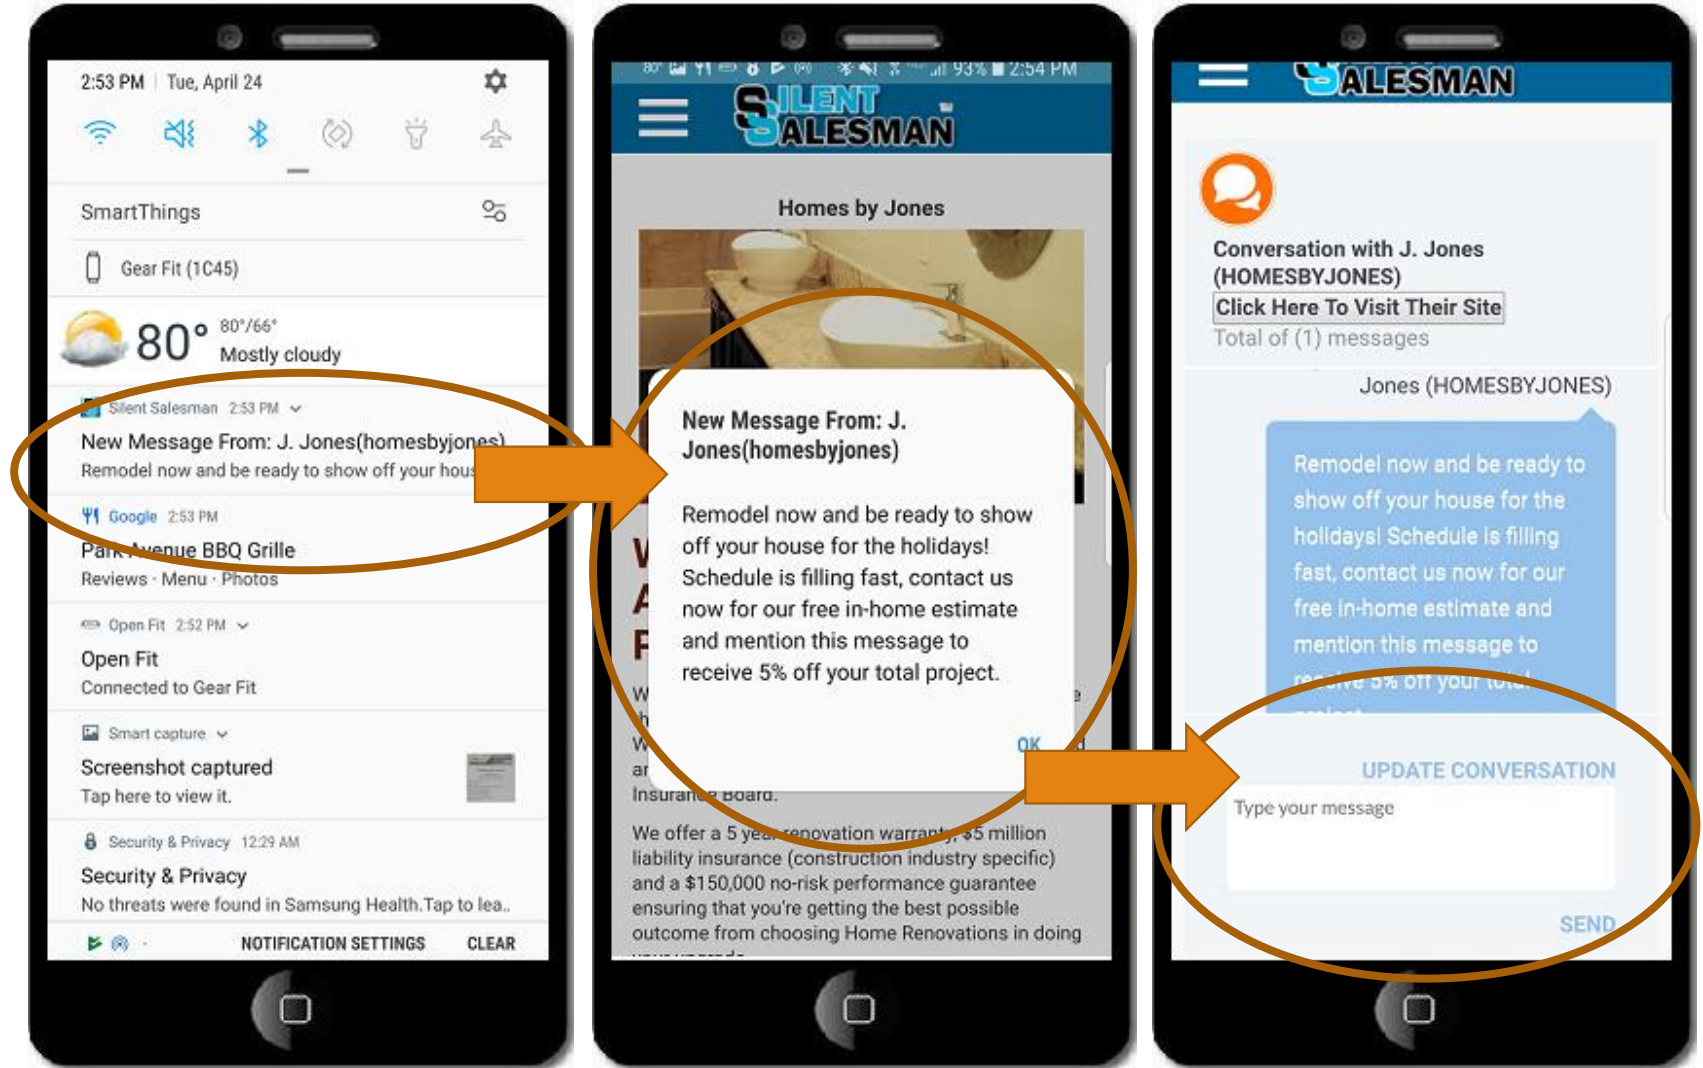

... And your message appears on customers' home screen

Showcase
your work,
new products,
past projects,
videos,
special events,
services, and
more.

Unlimited
Text and push
messages flow
from home
screen to App,
and let your
customers
reply directly.

What would you like to share with your customers? What should they know about your business?

Stay in touch easily with text & push messaging.
